

PRODUCT FEATURES

UB290

The UB290 LED beacon is a compact, high-performance safety light designed for a wide range of emergency and hazard situations. With multiple operating modes and full 360° visibility, it provides reliable, versatile illumination when it matters most.

Key Features

- ✓ Flash or steady-on operating modes
- ✓ Single-colour, state-of-the-art LEDs for high visibility output
- ✓ Fluoro-coloured body with reflective strip for enhanced visibility
- ✓ Clear Fresnel lens with high-performance 360° light distribution
- ✓ No disruption to night vision, point fixation, or distance judgement

UB290	Flash and steady on
UB291	Flash only
UB292	Steady-on only
UB293	Dual colour flash

Specifications

Height	20cm (8")
Weight	260g
Rating	IP66
Battery type	4 x AA-cell (not included)
Battery life	30-40 hours
Flash Rate	160-185 FPM
Peak Candela	70 to 85 cd
No. of LEDs	8 (up to 16 avail. as special order)
Colours	

Accessories

CONE CLIP
Secure vertical positioning for traffic cones

AVIATION BASE MOUNT
Higher mounting teeth for use in aviation (high wind usage)

MAGNETIC SIDE CLIP
Side mounting on most metallic objects

MAGNETIC BASE MOUNT
Mount securely to metallic objects rated to 80kmph

RUBBER BASE MOUNT
Popular base for road use or flat surfaces

RAIL BASE MOUNT
Secure magnetic mount for the rail industry

Dual colour flash options are available on all Eflare products

OUR ACCESSORIES

Versatile mounting and deployment methods

Our range of accessories are designed to enhance safety and performance in various conditions. They offer reliable solutions to meet the demands of different applications.

MAGNETIC CLIP

Provides a versatile magnetic mounting solution. Perfect for metal surfaces, it ensures quick & secure placement in dynamic environments.

RUBBER BASE MOUNT

Provides a secure, stable platform for Eflare beacons on flat surfaces. Its durable rubber construction enhances grip and prevents movement.

AVIATION BASE MOUNT

Designed specifically for planned and emergency aviation situations. Its sturdy build maintains stability in high wind environments.

MAGNETIC BASE CAP

With a strong magnetic base it is ideal for metal surfaces and ensures stable positioning in various settings. Suitable for vehicle mounting up to 80KPH.

CONE CLIP

Provides a reliable attachment for Eflare beacons to traffic cones. Its durable clip design ensures secure mounting in roadside and event applications.

COMPATIBLE WITH ALL VARIANTS OF EFLARE

All Eflare accessories are fully compatible with the entire range of Eflare beacons. This ensures consistent usage, seamless integration and reliable performance across all variants.
